Multipoint Tankless Water Heater

Endless hot water for all your comfort needs

CERTIFIED AND APPROVED BY:

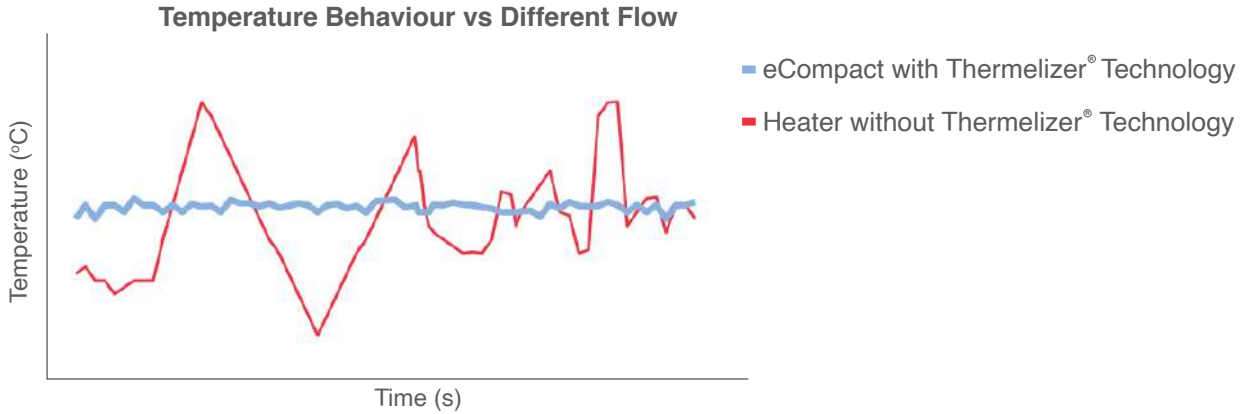

# INTRIX eCompact MULTIPOINT TANKLESS WATER HEATER

## SAFE & SAVE Thermelizer® Technology.

### THERMELIZER® TECHNOLOGY

- Inverted mechanism that self regulates to preset temperatures.
- Zero risk of scalding and assured protection against power surges.
- Consistent temperature even at low flow rate at 1.0 LPM.

### HOTEL BATHROOM AMENITIES MADE EASY AT HOME

- Sufficiently supply heated water to multipoint outlets - basin, hand shower, rain shower, bathtub, jacuzzi.

### SAVE TIME AND ENERGY

- Endless supply of heated water with zero waiting time and zero heat loss.
- 40% energy saving\*

### COMPACT DESIGN AND CONCEALED INSTALLATION

- Small in size that allows flexible mounting options above the ceiling or underneath the basin.
- Clutter free stylish bathroom.

\* Based on US Energy Department and Monash University Malaysia Campus research, in comparison with conventional storage water heater.

## TECHNICAL SPECIFICATIONS

	NOMINAL POWER (W)			INSTALLATION RECOMMENDATIONS <sup>2</sup>				APPLICATION RECOMMENDATIONS					DIMENSION
	240V	230V	220V	MCB (A)	PVC INSULATED COPPER CABLE SIZE (mm <sup>2</sup> )	MIXED FLOW RATE AT 38°C (LITER PER MINUTE, LPM)	MIXED FLOW RATE AT 60°C (LITER PER MINUTE, LPM)						
IHEC-5.5	5500	5051	4622	25	4	7.9	2.5	✓	✓	✓	✓		274mm (H) x 220mm (W) x 95mm (D)
